## NOTICE: 2024 LOMA Revalidation Flood Zone Listing

Per Suzanne Horvath, Floodplain Administrator & Engineering Records Specialist:

“EVERYTHING on this list is removed by the Letter of Map Amendment (LOMA) / Case Number. This entire list is the official FEMA document stating that these on the list are still NOT IN THE FLOOD ZONE! They are all still Zone X (non-flood) and have been from the date they were first removed.”

As the list is extensive, COOCVE highlighted CVE Associations for your convenience.
